

Study Abroad in Karlsruhe, Germany

Why Study Abroad?

New experiences to broaden your cultural horizons

Improves your language skills

Helps you become more well-rounded

It's fun!!

Why Germany?

Great for engineering

KIT has an excellent engineering program (ISE is #1)

The culture, people, and atmosphere are amazing

Program Details

- 2 semesters (recommended) or 1 semester (in spring semester) study abroad for VT undergraduates. Start planning for year/semester abroad about 1 year before departure.
- Students go in their third year (or fourth year, when on a five year plan)
- Program is targeted towards ISE undergraduates, but is open to all VT students who want to take classes in Engineering, Computer Science, Economics or Business
- Pre-approved KIT classes for ISE students, which count towards ISE degree; additional courses can be added per student's request
- Cost: Students only pay their VT tuition and travel, housing and food. Many scholarship/funding opportunities from VT, US and German organizations as well as from the ISE Department are available.
- Language: By the time you leave Blacksburg, you should have completed 2000 level German classes (ideally, 3000 level). The VT German Department offers intense language classes during summer.

Program Details

Contact: Dr. Christian Wernz (cwernz@vt.edu) or Ms. Paula Van Curen (pcuren@vt.edu).

Take German classes at VT

GER 1114 in spring; 2114 in summer

- Choose courses to take at KIT to transfer back to VT. Some ISE classes are pre-approved.
 - Meet with Paula to figure out plan of study

Apply for Scholarships from VT, Fulbright, DAAD and the ISE Department

I received a scholarship called the Baden Württemberg Stipendium

My Experience

My Experience

Europahaus

- ❖ Suite Style
- ❖ 5-7 people per suite
- ❖ 2 bathrooms/ 1 kitchen
